RIVIERA MAYA

JOURNEY TO THE JEWEL
OF THE MEXICAN CARIBBEAN

Riviera Maya has quickly become one of North America's most sought-after destinations. **Bordered by lush jungles and white sand beaches on the Yucatan Peninsula**, this enchanting paradise is also located minutes from iconic archaeological attractions dating back to the Maya civilization and **UNESCO World Heritage Sites**.

INTRODUCING CORASOL

Claiming a prized, pristine stretch of the Riviera Maya coastline, **Corasol** represents a stunning new vision for exceptional resort living and legacy homeownership, all artfully sculpted into the landscape by **Sordo Madaleno** and **CUAIK Arquitectos**. Flawless white sand beaches, tranquil lagoons and a verdant valley of native jungle flora set the stage for this exceptionally private, gated residential resort community on the Caribbean Sea.

An aerial photograph of a lush green golf course and resort area. The landscape is dominated by vibrant green grass, dense tropical trees, and several blue water features. A prominent road with a decorative, arched entrance structure runs through the center. In the upper portion of the image, a white circle highlights a small, modern building nestled among the trees. In the background, a larger resort complex with multiple buildings is visible near the coastline under a clear blue sky.
